Our Product range includes Door - Window Frames - Shutters, Furniture items for School, Office, Rest House and Residential Houses.

Seasoning Chambers

Newly Installed Overhead Type Conventional Seasoning Kiln

Solar Seasoning Kiln

Timber Chemical Treatment Plant

## TECHNOLOGY PROFILE

**W**ood is truly an amazing material. It has been closely associated with mankind for ages and man has utilized its versatility for centuries to satisfy his needs. Despite technological advancement and advent of synthetic substitutes, wood continues to be a favourite capable of diverse applications.

**E**mphasis in the timber industry is now on utilization of plantation-timber so as to conserve natural forests. Prudent wood sourcing, proper chemical treatment, seasoning and joinery are essential to this. To serve this end, we have established an Integrated Wood Working Unit viz., "VANIL UDYOG", at village Navtad, in Vansda Taluka of Navsari District. About 250 artisans work in this unit under supervision of qualified and experienced engineers. Vanil Udyog has also received the prestigious ISO 9001:2000 certificate for its Quality Management System from RWTUV, Germany.

**V**ANIL UDYOG has the latest Band Saw Mills, a Conventional and a Solar- Seasoning plant, a Chemical Treatment Plant besides a Door-Windows & Furniture joinery Unit. Due to use of high grade anti-termite chemicals and pressure impregnation type preservative treatment and seasoning process, the products manufactured by VANIL UDYOG are secured against termite attack and are free from such defects like warping etc.

**T**he regular upgradation of Technology & processes, training of human resources and use of premium quality teak and non-teak wood and stringent quality control have made the Vanil products stand as synonymous with high quality. VANIL UDYOG displays highest standard of professionalism, transparency, fairness and business ethics in its dealing with its customers and suppliers. Aiming at total customer satisfaction and timely delivery of products, VANIL UDYOG strives to make the end users realize fullest value.

### Features of Vanil Products

  
Elegant and durable design  
  
Better finish and high workmanship  
  
Greater strength and durability  
  
Firm Screw and Nail holding capacity

  
Genuineness of wood  
  
Weather resistant  
  
Termite resistant  
  
Fungal resistant

## QUALITY POLICY

We constantly strive to excel our quality through careful supervision, efficient utilization and sustained innovation.

Joinery operations are the backbone of all wood products and play an important role in deciding its durability. With a view to achieving perfection in joinery we employ a team of qualified and experienced engineers.

## Genuine, seasoned and treated wood products

Vanil Udyog is an ultramodern fully Integrated Wood Working Unit equipped with hi-tech state-of-art wood processing and manufacturing facilities. These include a saw-mill, conventional and solar seasoning plant, pressure impregnation type wood preservation plant, latest machining, joinery and assembly units.

Non-Teakwood is chemically treated and subsequently seasoned to make it qualitywise comparable to teakwood while reducing the cost. This way our teakwood resources are conserved and consumers benefit by availability of cheaper wood products.
